### About the Team:

The day off was the turning point for the white team. Before the break, they lost their first three games, but as of Thursday, they were undefeated. The team has only one player from overseas, while the staff comes from all corners of the globe including Canada, Russia and Japan.

### About the Team:

Black has been one of the most successful squads with four wins. The team is very diverse with players from Hong Kong, Australia, South Africa and even Turkey. But the top story on the team is goalie Marcus Högberg, who lost his goaltender equipment, but still played with a smile and borrowed gear.

**PHOTO OF THE DAY:** The camp staff took this photo to say thank you to all the participants for traveling from around the world to be a part of the camp. We hope you have a safe trip home and wish you luck in your future ice hockey careers!
